The ousting of Mr. Case is an ontrage upon the Republicans of this town. Mr. Case had served one term of four years, giving Democratic District Ticket universal satisfaction. His application for a re-appointment to the second term was almost unanimously signed by the Republicans and Democrats of this town. The public desired and demanded his reappointment. Mr. Pursell, however, operating on the plan which Rempel had pursued for years, ignored the home sentiment, defied the wishes of the patrons of the office and called to his assistance outsiders skilled in political intrigue and wholly indifferent to the wishes of the Republicans of our town.
